

## Speedboat Transfer Services at Centara Grand Island Resort & Spa Maldives

Centara Grand Island Resort & Spa Maldives is located on South Ari Atoll (Alifu Atoll) in the republic of Maldives and relatively close to Male International Airport (MIA) with a seaplane air transfer time of just 25 minutes or 1 hour and 40 minutes speedboat cruise through the island. As the Maldives is an island nation, a compulsory purchase of either seaplane or speedboat transfer service from/to Male International Airport is necessary and required for all reservations.

Although Seaplane Transfer Services option could offer a faster transfer & less traveling time, these domestic flight services are operated by Maldivian Air Taxi (MAT) and only available during daylight hours (bookings made outside 48 hours required) and will require the late night arrival guests to spend an overnight in Male before transferring to Centara Grand Island Resort & Spa Maldives on the next day.

On the other hand, Speedboat Transfer Services are directly operated by Centara Grand Island Resort & Spa Maldives and could offer more flexibility and operate to both scheduled daytime and nighttime as per timetable below. Our Speedboat Services are designed for guests arriving during the hours of darkness (approximately from 3:30 p.m. to 5:00 a.m.), particularly via the Asia airline carriers, as the alternative option.

Roundtrip scheduled speedboat services including meet, assist, and transfer to speedboat pier are chargeable at USD 250 nett per adult / USD 125 nett per child under 12 years old. Child under 2 years old is free of charge.

For arrival and departure transfers, guests are advised to make a reservation in advance for this enjoyable trip. Speedboat reservations are available for bookings made outside only 24 hours, subject to availability, schedules, tides, weather, and sea conditions, & resort's terms & conditions.

**Disclaimer:** Centara Grand Island Resort & Spa Maldives is not responsible for poor tides, weather, and sea conditions causing the journey impossible to operate at the scheduled times (cancelled / delayed transfer services on both seaplane and speedboat), and the charges will be non-refundable.
