A UNIQUE TROPICAL RESORT

CENTARA GRAND BEACH RESORT PHUKET

Centara Grand Beach Resort Phuket is an imaginative blend of so many things you want in a resort. Colourful, Sino-Portuguese design echoes the charming streets of nearby Phuket Town. Luxury refinements, fine food and dramatically-lit landscaping give it an air of enchantment and romance. Extensive pools and water features make it a child's paradise.

Located on Phuket's famed Karon Beach, it is one of the few resorts on the ocean side of the beach road, next to beautiful sand and clear water. Friends, couples, and families will experience an unforgettable holiday here.

BEAUTIFUL ROOM, BEAUTIFUL VIEW

Every one of the resort's 262 rooms features a furnished balcony or terrace overlooking the beach and Andaman Sea. Elegant décor blends tropical colours, rich woods and tiles. Parents will find ample space for two children even in a standard deluxe room.

Suites and villas provide larger living areas and luxury amenities such as Jacuzzi's or private pools. Upgrade to Club benefits to enjoy a private lounge with refreshments throughout the day. The resort offers accommodations perfect for family retreats, groups of friends, couples or honeymooners.

DELICIOUS CHOICES

With seven restaurants and bars, you will find the flavour and atmosphere to fit your mood at any moment. Enjoy informal Mediterranean fare al fresco at COAST Beach Club & Bistro. Fresh seafood and Asian dishes beside the ocean at The Cove. Superb Italian cuisine at Mare. Afternoon drinks poolside at Splash or Ripples, or a romantic sunset cocktail at the Barefoot Bar. You can even make a date for afternoon tea in the Lobby Lounge.

ACTIVITIES FOR EVERYONE

What will you do in this tropical paradise? Options abound. Children can float down the Lazy River, frolic down slides and under waterfalls. The Kids' Club offers supervised activities and an E-Zone arcade where your children can spend an afternoon while you're pampered at the award-winning SPA Cenvaree. There's a fully-equipped fitness centre and tennis court.

It's hard to resist the clear, warm Andaman Sea. The resort's water sports centre has everything you need for kayaking, windsurfing, sailing and snorkelling.

A ballroom and conference facilities also make the resort a memorable destination for weddings, receptions, and off-site retreats.
